

Mr. Reich's petition lacks merit for the following reasons:

1. If holders of Novice and Advanced class licenses wished to upgrade, they certainly have ample opportunity to do so.
2. That a license holder has held the SAME class license for an arbitrary period is not in and of itself sufficient reason to automatically upgrade anyone. No demonstration of qualification for a higher license of any sort, be it amateur or commercial, is ever shown by merely holding some lower classification for a period of time.
